ARTWORK CHECKLIST

Please follow the 8 steps below before submitting your ready artwork file.

- 1 Upload artwork on the Upload page in eForms mode only and provide the artwork separately in a separate email report as they are not the same file.
- 2 Place critical artwork (logos, images, tags) in exact address within safe area.
- 3 Upload your artwork separately to avoid any file name change by email from vendor.
- 4 Upload images that are compressed to 300dpi, always upload with your PDF, you can toggle to email or upload artwork.
- 5 Upload images used in this template that have a different resolution or format.
- 6 Artwork should be submitted in PDF, not in separate images.
- 7 You must submit as a PDF document (not a folder) unless you are submitting a folder to the Vendor for their review.
- 8 Place artwork using vector files (AI, EPS, PDF) and not a raster file (JPG, PNG, GIF) as the white space will not be cut out.
